HMCS *Haida* is a Tribal-class destroyer that served in the Royal Canadian Navy (RCN) from 1943 to 1963, participating in World War II and the Korean War.

The only surviving Tribal-class destroyer out of 27 vessels constructed for the RCN, Royal Navy and Royal Australian Navy between 1937 and 1945, *Haida* sank more enemy surface tonnage than any other Canadian warship and as such is commonly referred to as the "*Fightingest Ship in the Royal Canada Navy*".

Designated a National Historic Site of Canada in 1984, she now serves as a museum ship berthed next to HMCS *Star*, an active Royal Canadian Naval Reserve Division, in Hamilton, Ontario.
