WEEKLY FOCUS
Appliance Sales

DESSCO Countertops is the leading certified Fabricator and installer of custom hand-crafted countertops. We are dedicated to providing our customers with the largest variety and selection of surfaces in Ontario

SOLID SURFACE

Solid surface is a non-porous low-maintenance countertop surface. It can mimic the appearance of stone, wood and other naturally occurring materials, and can be joined invisibly by our Dessco trained craftsman. We custom fabricate solid surface countertops, including DuPont Corian, Staron, Meganite, Avonite and many more.

STONE SURFACE

Stone such as granite is still the most popular and the highest in demand for refurbishing an existing kitchen or designing a new kitchen. Natural stone is available in nearly countless colours and styles.

SPECIAL ORDER

It is Dessco's mission to keep up on the current design trends and offer our customers the widest selection of countertops on the market. We carry other surfaces such as Dekton, porcelain, butcher block, concrete, and more!

Not sure if we carry it? Unsure what surface is the right one for your space? Contact Dessco Countertops and we'll help you determine which surface is the right choice for you.
